### **ORGANISER AND LOCATION**

Romanian Modelling Federation in cooperation with the City Council of Salonta.

**CONTEST DIRECTOR:** Dacian Pustea, Romania

**TIMEKEEPER COORDINATOR:** Istvan Kiss

**TECHNICAL SUPPORT:** Sandor Vincze and Dora Fazekas

### **LOCATION**

Salonta is part of the municipality of Bihor County. A city with a lot of history and personality. A multicultural city, with a mixed population of Romanians, Hungarians and others. More info about the city <https://salonta.net/>.

### **Transport**

To get to Salonta, it is possible by car or train. There is no airport in Salonta.

In Romania the closest airports to Salonta are: Oradea (40 KM), Cluj Napoca (190 Km), Bucharest (600 km)

In Hungary the closest airports to Salonta are: Debrecen (120 km), Budapest (260 km)

**Time** information for Salonta UTC +2 Eastern European Time (EET), always the same time as Romania. From 30 March 2025: UTC +3 / Eastern European Summer Time (EEST). The IANA time zone identifier for Salonta is Europe/Bucharest.

### **Salonta weather** in July (Bihor, Romania)

**Temperatures** - In July, Salonta enjoys perfect weather, with high temperatures and moderate rainfall. In July, the summer season is in full swing. The temperature during the day can rise to around 29°C. At night, it drops to around 17°C.

While these temperatures are typical, some days might be even hotter. Always be prepared for the unexpected spikes in warmth. Dressing in lightweight and breathable outfits will help you stay cool. Don't forget to hydrate and wear sunscreen to better cope with the heat.

**Precipitation** - Salonta typically receives moderate rainfall in July, averaging about 75 mm per month. Climatic data suggests that it will rain for about 10 days.

**Expected weather for the event** – shine, hot, wind speed 1-3 m/s.

**Between 18-27 July - Sunrise 5:58 -6:08 – Sunset 21:10 – 21:21**

For more information: <https://www.accuweather.com/> - Salonta, Bihor, Romania

**The field** that will be the venue for the competitions is one of the best fields for free flight competitions because you have unobstructed visibility at great distances. This is the same field that was used for all the F1ABC World Cups held in Salonta. The land is very well known among F1ABCPQHG flyers and is located 40 km away from ORADEA.

**The coordinates for the contest site are: 46°50'16.2"N 21°34'58.6"E**

## CLASSES

### World Championship:

- F1A FF Gliders
- F1B FF Wakefield
- F1C FF Aircraft with Piston Engines
- F1Q FF Electric Powered Aircraft

## RULES

### FAI Sporting Rules

FAI Sporting Code Section 4 Volume F1 Free Flight Model Aircraft 2025

In addition, the following documents will be applicable by consulting the edition in force on the date of the event:

- FAI Sporting Code Section 4 Aeromodelling CIAM General Rules Volume.
- FAI Sporting Code General Section Volume.
- FAI Code of Ethics.
- FAI Disciplinary Code.

### FAI Sporting Licence

Each competitor, team manager and assistant manager of any national team must hold a valid FAI Sporting Licence (Aeromodelling discipline) registered in the FAI database. An FAI Sporting Licence is not required for helpers.

The holder of an FAI Sporting Licence may be required to produce, as proof of identity, an official document including their name, photograph and signature.

**Complaint and protest** (See FAI Sporting Code General Section Volume 6.2.2 & 6.3.2, and CIAM General Rules Volume C.20)

The purpose of a complaint is to obtain a correction without the need to make a formal protest.

At any time during a championship, a team manager who is dissatisfied with any matter must first seek assistance from the Competition Director or appropriate official. Complaints may be made orally or in writing in English.

A complaint shall concern only one matter. In case of different matters, separate complaints must be made. A joint complaint can be made if several complainants have the same position on the matter in question.

It is recommended that a complaint is made before submitting a protest.

Complaints must be made as soon as possible after the occurrence giving rise to the complaint, and shall be dealt with expeditiously.

If not satisfied with the decision, the complainants concerned must inform the Competition Director as soon as possible of their intention to lodge a protest. All protests must be presented by the team manager(s) in writing in English to the Contest Director and must be accompanied by the deposit of a fee of 50 euro (or equivalent amount of a different currency). In the case of a joint protest, every protesting team manager must pay the protest fee.

**Note:** *It is recommended to use the Contest Protest Form which may be downloaded from the 'DOCUMENTS' section of the CIAM website (<https://www.fai.org/ciam-documents>) by clicking on 'CIAM FORMS & OTHER DOCUMENTS' section, and then on 'World and Continental Championships'.*

A protest shall concern only one matter. In the case of different matters, separate protests must be made. A protest against a decision of the judges or other contest officials or against an error or irregularity committed during the championship(s) by another competitor or team manager must be lodged as soon as the contest situation requires but not later than 60 minutes after the incident. The same person is not permitted to present two consecutive protests on the same incident.

The deposit for a protest is returned only if the protest is withdrawn prior to the beginning of the effective treatment of the protest or if the protest is upheld.

### **Anti-doping statement**

A competitor who needs for medical reasons to take any of the substances listed on the WADA Prohibited List must have a valid Therapeutic Use Exemption (TUE) signed by FAI.

To access the current WADA prohibited list of substances and additional information regarding the TUE, see the FAI website with the following link: <https://www.fai.org/page/anti-doping-therapeutic-exemptions>.

### **UAV regulations**

*Romania is a part of the European Union and therefore must abide by the drone regulations put in place by the European Union Aviation Safety Agency (EASA).*

*According to Romania's national aviation authority, the Romanian Civil Aviation Authority (AACR), flying a drone is legal in Romania, but we recommend being aware of and compliant with the drone regulations listed below before doing so. If you'd like to contact the AACR directly before you travel with any questions you might have, here is their contact information: [dir.gen@caa.ro](mailto:dir.gen@caa.ro) / +40.21.208.15.08*

*In addition to these regulations, Romania also has regulations that are country-specific.*

*Based on our research and interpretation of the laws, here are the most important rules to know for flying a drone in Romania.*

*To fly a drone in Romania, you must register it with the AACR. If you are a foreigner, it appears that a registration with your country of citizenship could take the place of registering with the AACR, but we recommend checking with the AACR to confirm this before traveling.*

*If you plan to take pictures or video each flight must be pre-approved by the Ministry of Defense.*

*Drones may not be flown over densely populated areas and crowds of people or in cities. For special exceptions to these restrictions, an application may be made to the AACR.*

*Drone pilots must maintain a visual line of sight with their drone at all times.*

*For drones weighing more than 20 kilograms (44 pounds) insurance is mandatory.*

*For more information on Romania's drone laws, see this page on the RCAA website: <https://www.caa.ro/en/pages/drone>*

### **Identification of the models**

According to CIAM General Rules Volume C.11.1, each model aircraft shall carry:

- The national identification mark followed by the FAI Unique ID number with letters and numbers at least 25 mm high.

- A model identification code with letters and/or numbers at least 10 mm high, clearly visible and different for each nominated model aircraft of the competitor.

**Note:** A model aircraft must not carry a national identification mark, an FAI license number or an FAI sticker which relates to any person other than the competitor.

### **Model Aircraft Specification Certificate and sticker**

According to the CIAM General Rules Volume C.12, each NAC shall process every model and shall issue for each model aircraft the Model Aircraft Specification Certificate provided by the FAI.

A sticker shall appear on each model aircraft.

**Note:** The Model Aircraft Specification Certificate and the design of FAI sticker may be downloaded from the 'DOCUMENTS' section of the CIAM website (<https://www.fai.org/ciam-documents>) by clicking on 'CIAM FORMS & OTHER DOCUMENTS' section, and then on 'Events'.

Model aircraft not properly processed by their NAC, with FAI certificate and sticker, must be processed by the organizer at a cost of 8 Euro for each model.

**OFFICIAL LANGUAGES** English and Romanian.

English language always prevails concerning all elements of the competition, namely FAI documents, competition rules and Bulletins.

### **PARTICIPANTS**

#### **Senior World Championships**

Every NAC may enter a team consisting of:

- A team manager.
- Assistant team manager (not mandatory).
- Maximum of three competitors (without gender requirement).  
Optionally, one additional competitor if at least one competitor is female.

**Note:** So, a national team may include a maximum of four competitors with the optionally additional competitor.

- Helpers
- Supporters.

The reigning Champions have the right (subject to the approval of their NAC) to participate in the class concerned. If they are not a member of their national team, they will not be considered for the national team classification. When a reigning Junior Champion is no more a junior, he/she can participate in the Senior Championship of the equivalent class on the same basis as the reigning Champion.

Reigning Senior World Champions are:

- F1A Lauri Malila of Switzerland
- F1B Bozo Grubic of Serbia
- F1C Darijo Jermol Croatia

#### **FAI JURY:**

**Ree Andras (HUN), Ian Kaynes (UK), Corneliu Mangalea (ROU)**

**The FAI Jury reserves are: Ron Miasnikov(ISR) and Mihai Zanciu (ROU)**

Vehicle (auto, moto, ATV) access to the field is prohibited. Vehicle access is only permitted in the parking area set up at the entrance to the competition field.

Parking of vehicles will be allowed only in the specially arranged area at the entrance to the competition field. All teams are authorized to park only in the parking area.

Access by car is allowed on the field only to transport equipment and only between 5:00 and 7:00 AM in the morning of the competition day (equipment specific to the class that day) - and at the end of the competition day, after the last fly off, all equipment must be collected! The competition field must remain empty of any equipment to allow the competitors of the next day to place theirs.

There will be a small camping area on the field next to the parking lot. Those who choose this option must use the toilets and water in the area.

**Due to the very high fire danger** due to high heat, dry vegetation and wind that can scatter embers:

**SMOKING IS PROHIBITED!**  
**NO OPEN FIRE IS ALLOWED!**

## **COMMUNICATION**

For good communication, two WHATS APP groups will be created – one for ECH 2025 Salonta and one for WCH 2025 Salonta. Team managers and assistant team managers will be included in these groups. The groups are ONLY for communication with the organizers, for announcements and quick decision-making.

These groups are not intended for protests and other personal opinions regarding the organization of the game.

For any personal discussion and complaints please contact the Competition Director – Dacian Pustea, +40.728.827.438.
